A supply teacher is also uploading recipes onto the website. You should check these out too!

PE - The final PE task of the term is a scavenger hunt. This can be done in lots of different ways and either outside or indoors but here are some ideas:

- Have a list of items that can be found either outside or in your house. Using this list go out and collect all the items. 10 points per item!
- The list could be written or using pictures or symbols to work on literacy.
- Instead of collecting items you could go out and take pictures of different local landmarks.
- Maybe you could even create a map together?

Have fun!

VI - Hi everyone

This weeks VI and Sensory home learning is the second week of Outdoor and Summer sensory play ideas. 🧠 Head to the VI and Sensory Learners section on the website to try them out. This week there is some outdoor water play to try, you can make some soap foam to explore, there's an outdoor We're Going on a Bear Hunt story, and also for days when the weather isn't so good, there's an indoor scavenger hunt. 🍁

Have fun everyone. 😊
