

Tweed Home Learning 22nd June

Well this will be my last home learning post for a while. Can you believe the summer holidays start at the end of the week? Does it feel like going on holiday to you? I have enjoyed working with you this session. I am particularly proud of the fundraising work you did through running the tuck shop. I really liked going out on the bus to the local library and shops and playing tennis with Kenny. I have been looking at the photos on the i-pad of all the hard work you have done over this year. Lovely memories. I hope you are looking forward to your new teacher and class after the summer.

TTFN Catherine Smith

ART

This week's art activity teaches you different ways to use flowers and leaves to decorate pebbles, and make cards, bookmarks and framed pictures.

Best wishes
Aileen

VI

Hi everyone.

This week's VI and Sensory home learning is the second week of Outdoor and Summer sensory play ideas. ☞ Head to the VI and Sensory Learners section on the website to try them out. This week there is some outdoor water play to try, you can make some soap foam to explore, there's an outdoor We're Going on a Bear Hunt story, and also for days when the weather isn't so good, there's an indoor scavenger hunt. ☞

Have fun everyone. ☞

Julie Malcolm (Visual Impairment Support Teacher)

PE

Hi everyone,

For the last week, I would like to try to complete the TREMENDOUS TEN challenge!!,

Each day, I want you to complete an activity 10 times. This could be as simple as 10 chair pushes, 10 push ups, 10 arm punches, 10 ball throws, 10 ball bounces, 10 sit ups, 10 shuttle runs or 10 arm circles for example.

Can you challenge a family member to complete the task with you? Can you discuss what your favourite way to exercise is?

Good luck and I hope you keep active and enjoy your summer holiday!

Fiona

Lots of HWB and Fun Activities this week.

If you like the idea of painting pebbles, suggested as one of the whole school challenges in your activity pack, look what you can make with lots of them.

HWB

You may need to get some help over the holidays
Match the problem to the person who could help me

 toothache	 speech therapy	 hearing aid	 VI
 wheelchair broken	 physiotherapist	 thirsty	 PSA
 stomachache	 dentist	 splint	 occupational therapist
 communication device	 nurse	 toilet	 PSA

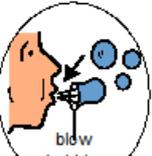

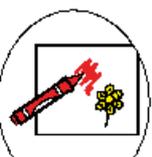

This is a link to some social story resources which may help you understand the current situation about Covid19.

<https://www.autismlittlelearners.com/search/label/COVID-19>

I like to keep fit by

 bicycle	 swim	 walk	 horseback riding
 weight lifter	 run	 tennis	 football
 bowling	 sports		

And after being active, how do you like to relax?

 listen to music	 massage	 lie down	 drink	 walk
 count	 close eyes	 blow bubbles	 squish	 mobile phone
 i pad	 bathe	 draw	 musical instruments	 friend

HAVE SOME FUN OVER THE SUMMER WITH THIS MICROWAVE PLAY DOUGH RECIPE

Microwave Play Dough Recipe is so easy to make at home and will provide hours of fun for kids of all ages.

This recipe has been altered from our basic play dough recipe and heated in the microwave instead of on the stove top.

Children will have hours of fun moulding, printing and shaping the play dough into creative and imaginative sculptures.

WHAT YOU WILL NEED?

- 1 cup plain flour
- 1 tbsp. oil
- 1 cup water
- ½ cup salt
- 2 tbsp. cream of tartar
- Food colouring
- + cling film

Double the recipe for larger groups of children

METHOD

1. Pour all dry ingredients, flour, salt and cream of tartar together into a microwave heat proof container, casserole dish or bowl.
2. Add water and oil to dry ingredients. Add food colouring until desired colour is achieved.
3. Mix together using a whisk to remove lumps and blend the ingredients well.
4. Cover and place in the microwave for 2 minutes on high.
5. Remove from microwave and stir with a wooden spoon.
6. Place in the microwave for 1 min, remove and stir to combine. Cook for a further minute if the play dough is still runny.
7. Then turn out onto a clean surface and knead into a smooth ball. Be careful the play dough will be very hot! Use a little bit of flour if the play dough is sticky.
8. Allow the play dough to cool before playing with it.
9. Store in a plastic zip lock bag or air tight container.

Please note: the microwave times mentioned may vary depending on different microwave types and settings.
