

## Art Activity Easy to Intermediate

### Bringing the outdoors indoors

Fun things to make and do with leaves, flowers, pebbles, and twigs. (feeling and smelling leaves and flowers, which is which? (easy). Making a picture using leaves, flowers, pebbles and twigs. (Intermediate).

(Easy) Is this a flower or a leaf? Is it a nice smell or a bad smell? Is it soft or hard? Is it smooth or rough?

Can you collect some interesting shaped leaves, some little flowers, some thin twigs, a few little pebbles and maybe even a feather or two while out for a stroll, or from your garden, if you are lucky enough to have one? Pop them into a food bag to keep them safe until you are back in your house.

Can you take a photo of your garden person or Nymph, and show it off to friends and family?

(Intermediate) Can you make a person or a little gang of people using your collection? Which leaf would make a good head? What will you use for arms and legs? What about the face? I have used daisies, little stones with black dots drawn on them and cut out paper eyes with a black dot drawn on them.

Can you draw a boy or a girl? Before you start your drawing, put your leaves on the paper to help you decide what size your boy or girl will be to make sure your leaves and other collections will fit. You could colour your drawing in or leave it as a line drawing.

Do you have any photographs of yourself or a family member or even your cat or dog?!

Remember to choose a photo that will be a good size for your collection of leaves and flowers.

I have made myself an amazing outfit using two of my favourite flowers, daisies, and poppies!

I put some leaves and flowers at my feet to make it look like I am standing on the ground.

Why not take a photo of your creation and send it to someone to make their day!
